A CARD OF THANKS.

From the Lady Managers of the Chrysanthemum Show.

The ladies of West Market street church aid society feel that they have been the recipients of so many favors from the public in general as well as from many individuals in particular, that they can only express their gratitude in the words of the poet:

"When I begin the praise,
Where will the glowing numbers end?"

The chrysanthemum show has been an unqualified success and the ladies herewith acknowledge their indebtedness to the generous patronage of their many friends who have so nobly rallied to their aid. They feel, however, that their thanks would be inadequately expressed if they failed to mention the special kindness of the liberal business men who contributed the prizes; the many kindly notices of the Telegram and Record, which so widely advertised the occasion; the courtesy of the Odd Fellows through Mr. McLean, who made it possible to have the display by lending their building; and the special favors of the following individuals: Messrs. McDuffie and Caldcleugh for the use of wares; R. J. Marks for gas; G. W. Alley for the nice barbecue, and last but not least, especially to J. H. West for billboard and the painting of Rees and Bond.

The receipts were most gratifiying, amounting to $278 55.

We have not abandoned the 60 per cent sale. We have only marked our stock in conformity with the reduction offered.

BOMBARDMENT OF KIMBERLY

Begun this Morning--The Town Threatened With Famine.

THE INHABITANTS CHEERED

By Cecil Rhodes, Who Gives "Famine Lunches" at His Hotel—He Visits Defences Daily.

By Cable to THE TELEGRAM

Cape Town, Nov. 11—Kimberly is threatened with famine. A message from there says the inhabitants are allowed only eight ounces of food per day. Cecil Rhodes labors indefatigably to keep up the spirits of the inhabitants. He has given several "famine lunches" at his hotel, and goes daily to the defenses to encourage the men.

A LIEUTENANT-COLONEL KILLED.

London, Nov. 11—Buller wires under date of 10th inst. that a reconnoitreing party from Orange River had a skirmish with the enemy four miles east of Belmont. Brecet, a lieutenant-colonel, was killed, and three lieutenants and two privates wounded.

RESERVES MISSING.

Cape Town, Nov. 11—Messages from Dear Junction report the large British camp there preparing to form a division that will march to the relief of Kimberly and Mafeking.

An official message from Kimberly of the 6th inst. says the wounded there are progressing satisfactorily. At one of the outposts to the south some reserves have been missing since the 4th inst., and are supposed to have been captured by the Boers.

TRANSPORT FOUNDERED.

Brest, Nov. 11—Rumors are in circulation here that a British transport is foundered off Ushant.

CAPT. SLOCUMB SAILS.

London, Nov. 11—Captain Slocumb, a United States military attache, sailed for South Africa today.

MARINES TO THE FRONT.

Durban, Nov. 11—A large force of men and guns from the cruiser Terrible has started to the front.

BOMBARDMENT OF KIMBERLY.

Pretoria, Nov. 11—The bombardment and attack upon Kimberley was begun this morning.

BASUTOS CONTINUE LOYAL.

London, Nov. 11—Cape Town advices state that the Basutos continue loyal to Great Britain. They have refused to harvest their orange crop, which lies rotting on the ground.

ALL PRISONERS TREATED ALIKE

Dunham, Nov. 11—The government has received a letter from Col. Schiel, a Mormon officer captured at Elandslagte, in behalf of the Holland prisoners, extending thanks for their kind treatment. He says the Boers and the British are treated alike.

GOEBEL IS DEFEATED.

Counties Which the Democrats Had Counted on Prove Republican.

By Wire to THE TELEGRAM.

Louisville, Ky., Nov. 11—Geo. W. Long, chairman of the republican committee, said today that Taylor's election is certain with a plurality of not less than 2,000, and possibly 3,000.

All armories in the state are closely guarded, the governor claiming a plot has been discovered by which the Goebelites intend to seize the arms and ammunition. There is no denying the fact that the Goebelites are greatly concerned over the returns which reduce the pluralities for Goebel of strong democratic counties. Kenton county drops to 400, and Warren, Union, Galloway and Logan change to republican.

A SERIOUS THREAT.

Louisville, Ky., Nov. 11—Friends of Goebel declare they will blow up the state house with dynamite before Bradley shall occupy it after December 12.

LATE OFFICIAL RETURNS.

Louisville, Ky., Nov. 11—Official returns so far received bear out the republicans' claim that Taylor's plurality will be 2,681. Goebel still claims a plurality of 5,000. The Courier-Journal makes no claim of a plurality for Goebel.

The Oregon Reaches Manila.

By Cable to the TELEGRAM.

Manila, Nov. 11—The Oregon has arrived here. The departure of the battleship from Hong Kong aroused much speculation, the belief being current that it would appear off the Chinese coast.

Next Sunday there will be a festal service at 10 a. m., sermon at 11 a. m; love feast at 3 and communion at 7:30.

The historical account says: First meeting hall in Congregation House consecrated 13th November, 1771. This house was removed in 1854 to make room for the new academy building.

Church in Salem consecrated November 9th, 1800.

Chapel built in 1881.

C. S. A. CABINET SURVIVOR.

Hon. John H. Reagan Was a Passenger on No. 35 Last Night.

The only surviving member of President Jefferson Davis' cabinet, Hon. John H. Reagan, of Austin, Texas, was in the city a short while last night, returing home from the convention of the Daughters of the Confederacy in Richmond. Mr. Reagan was accompanied by Mrs. Reagan. He and his wife were in one of the Pullman cars attached to No. 35, and while the train stopped here they remained quietly in the car, and only a few people at the depot knew of their presence.

To a Telegram representative Mr. Reagan said: "I was glad to go back to the old capital once more. I spent four years there during the war, and they have been pleasant memories in many respects. I knew President Davis well and made a few remarks concerning him at the unveiling of the Winnie Davis monument in Richmond Thursday."

For some years Mr. Ragan has been the only surviving member of the Confederate cabinet. He was in closest personal relation with President Davis during the war, and after the evacuation of Richmond accompanied Mr. Davis to Danville and afterward to Georgia where he was made acting secretary of the treasury. He was the last cabinet official to leave the president and remained with him after the bureaus of the various departments had beeen abandoned.

VALUABLE REAL ESTATE.

Will Be Sold at the Big Land Sale on Monday.

Real estate is the foundation of all wealth, and is that element out of which the most secure fortunes have been created. Money invested in real estate in the line of growth of thriving cities has for years proved to be both safe and profitable, as is evidenced by the great fortunes built up in all the large cities. Nothing else has the safety and certainty of increased value, and at the same time provides such absolute security for the money invested.

Ex Governor Flower, of New York, says: "You cannot duplicate real estate. You can duplicate any other kind of security, and as the country grows real estate will improve in value. It is the best investment for small savings, to make them the basis of a fortune."

At this time, when it is possible to purchase desirable home sites at such low prices, it would seem that any one who cared to invest a small amount where it is sure to increase rapidly, would seize the opportunity to secure a few of the lots which are being sold at public auction. On Monday the public will have an opportunity to make some money surely and quickly, and without risk. Greensboro is growing, and the time is at hand when land in its vicinity will double. It will pay you to think this over and act. Put your money into something that is swifter and surer than a savings bank, and nothing in sight is better than property in the Vanbockelin addition.

Sale Monday, Nov. 13th, 2:30o'clock p. m.

JOHN COPPLE SURRENDERS.

An Alleged Accomplice in the Eller Wa chouse Burglary.

John Copple, aged about fifty years, against whom a bill of indictment was found at the last term of federal court here, walked into Marshal Villikan's office here today and surrendered himself to Deputy Marshal Eagan.

He was placed in the Guilford jail to await the next term of federal court.

Copple is charged with having been implicated in breaking open the government warehouse of D. M. Eller, near Thomasville, several months ago, on which charge Reuben Royalls and Albert Cannady have been arrested and bound over to court.

He says that since the crime was committed he has been in several western states, but after mature deliberation concluded he had better return here and face the music.

"Memory of Hell"

The revival services at the First Presbyterian church will close tomorrow. Dr. S. M. Smith preached an extremely solemn and impressive sermon last night, taking for his text "Son, remember," found in Luke 16:25. He chose as his topic the "Memory of Hell," and his discourse bristled throughout with earnest pleading and solemn admonition. There will be no service tonight, but the pastor will preach tomorrow morning and night.

THE MARYLAND ELECTION.

Gossip Has Begun in Regard to the Next Senator.

THE MARYLAND LEGISLATURE

Elected Last Tuesday Will Not Choose a Senator—The State Will Remain Democratic.

Special to the TELEGRAM.

Washington, Nov. 11—At the Hotel Chamberlin, Samuel Parker is among the prominent guests. Col. Parker was formerly the prime minister of the Hawaiian government, during the reign of Queen Lillunkelini. He is not a stranger here, as he has visited here several times. The colonel is also well known throughout the southern states, having been a frequent visitor to Texas, Mississippi, South Carolina and other states of the south. Colonel Parker owns a fine cattle ranch on the Hawaiian Islands, his ranch furnishing the chief supply of beef for Honolulu.

Senator Clark, of Wyoming, is a close friend of Col. Parker. The senator is also in Washington, and is stopping at Hotel Chamberlin.

Col. Parker is a native Hawaiian, having very little yankee blood in his veins. His grandfather was born in this country; it is said that he was originally from Maine. The Colonel himself has nearly all the characteristics of an Hawaiian, being rather dark in his complexion, so much so that he has on more than one occasion been taken for a negro.

Col. Parker stated the other day that matters in Hawaii are in a favorable condition. Business, he says, is good at Honolulu, and the country in a fine condition generally. Agriculture is thriving, and the prospects good for fine crops.

Parker will remain in Washington for some time and will probably visit a few eastern cities during his stay in this country.

In spite of the apparent defeat of Governor Tyler for election to the United States Senate to succeed Senator Martin, it is stated by one of his friends who was in Washington the other day that he would not issue any card withdrawing from the contest, but that he would remain a candidate until the question of the succession is definitely decided by the legislature of Virginia. Governor Tyler, the gentleman stated, is a candidate for the United States senate, and is a candidate before the democratic caucus, and that the question cannot be settled in advance of the meeting of the legislature. The result of the elections last Tuesday, in Virginia, according to the gentleman giving the information will not make any difference in the intention of the governor to contest for the seat in the senate before the democratic caucus.

The result of the Maryland election has caused gossip to begin as to the next senator to succeed Senator Wellington. The legislature elected last Tuesday will not choose a senator, but the legislature elected next year will. The result of the elections make it almost certain that the democrats will control the Maryland legislature on joint ballot when a new senator is to be chosen. It is the general opinion that the feud which has been engendered between the friends of Senator Wellington and Governor Lowndes will cause Maryland to remain democratic. Senator Gorman is spoken of as the probable successor to Senator Wellington. Outside of Maryland he is the unanimous choice of democrats, all of whom would like to see him in the senate again.

HANGED AT GREENVILLE.

Elias Joyner Said He Alone Was Guilty of the Dongola Murder.

Elias Joyner, the Dongola murderer, was hanged at Greenville yesterday in the presence of 5,000 people. The drop fell at 11:35, and life was extinct in twelve minutes. The body was cut down in twenty minutes. His neck was broken in the fall, and the body showed only a slight convulsion.

The execution was without mishap. The condemned made a statement on the gallows that he alone was guilty of the crime, and that if others were punished for it the punishment would fall on innocent parties. Numerous questions were asked him for the purpose of ferreting out the matter further, but he firmly adhered to the statement that he only was guilty.

Notwithstanding the immense crowd here the best order prevailed.

Committee Meeting.

The committee on buildings and grounds of the colored A. & M. College had a meeting at the college yesterday evening. Prof. J. Y. Joyner, chairman, W. F. Klutz, of Salisbury, and H. C. Tyson, of Washington, D. C., were in attendance. The committee conferred with the head of the agricultural department as to the apportionment of the ground and the campus in front of the main school building will be laid off in squares and greatly beautified. They decided to utilize the ground at side and in rear of college for experimental farming, and divided up the new farm for various crops.

The Enterprise has come into possession of news of a startling nature, which if true will be a bonanza to those interested. The story is said to be related by a minister and the particulars are as follows: Years ago there lived in Randolph county two brothers by the name of Edwards, who married sisters—Hamiltons, of the same county—and went to New York City, where they were very successful. One child, a daughter, was born into their household. The property of the brothers' families went to this daughter at their death, and it is claimed that none other than the prince of merchants, A. T. Stewart, became her husband. They were childless, and at Mr. Stewart's death all of his property went to his wife, who has since died. Some time ago the heirs were advertised for, and through a merchant at Jackson Hill, who was in New York at the time, the said-to-be lawful heirs in Randolph county (who the merchant knew) received their information. Several lawyers are now looking into the matter, and they report thirteen million dollars on hand, and that the entire estate of the late A. T. Stewart is worth over sixty millions of dollars.

Just to think, if the lawful heirs reside in Randolph county, that this vast wealth will fall into their hands. Yum, Yum, Yum!

KILLS WIFE AND HIMSELF.

Kern's Desperate Crime in the Face of a Crowd.

Allentown, Pa., Nov. 10—A sensational murder and suicide occurred here this morning when George W. Kern, proprietor of the hotel Mecca, shot and instantly killed his wife and himself. The pair had not been living together for the past three months owing to Kern's ill treatment of his wife. Mrs. Kern was employed in a laundry, and when she boarded a trolley car at 6:30 o'clock this morning, to go to her work, her husband followed her and stood on the rear platform, displaying a revolver.

When Mrs. Kern observed him she ran screaming out of the front door of the car and sought the protection of about 200 wire and mill employes, who had just finished work on the night shift. Kern hastened after her and twice pulled the trigger of the pistol, but the weapon failed to discharge.

The husband then dragged his wife into his hotel and barricading the door with a chair, in full view of the crowd, shot her dead.

He ran into another room and there killed himself. Kern was 38 years old and his wife 29.

OILED ROADS.

From an article in the New York Evening Post we extract the following relative to the new method of oiling dirt roads. The plan is said to be cheap and practicable. Guilford should look into it and if the result is as claimed by the friends of the scheme —that roads can be "macadamized" at a very small cost—we could be strictly up-to-date in road matters in this county in a short while, without the use of macadam and all its expensive necessaries.

The article from the Post follows:

"County and road supervisors in Southern California are unanimous in the belief that the problem of excellently macadamized roads at small cost has at last been solved, and that solution of it has been attained through the application to them of crude oil. There are now nearly a hundred miles of road in the several counties of the southern part of the state which have been treated in this manner, and so pronounced has been the success of the trial that there is no doubt that nearly a thousand miles will be put under contract for the treatment during the coming year. It has been found that to place roads in condition through the use of oil is cheaper than maintaining them in half condition during a single season by sprinkling water. And when a road has once been put into condition with oil it requires but slight additionalexpenditures to keep it so.

"On all the main highways in Los Angeles county oil-coating is now applied. Many of them have but patches of it half a mile or a mile in extent, the oil being used upon it to test the effect it will have upon earths of different character and upon roads of varying qualities. It has been found that where the road had an even hard foundation, smooth and clear of ruts and about two inches of dust on the surface, upon this road the oil is a complete success and gives a surface as polished, clean and clear as an asphalt street. Where the soil is clayey though the surface is rutty, it will maintain the hard character of the ground, allay all dust, and prevent further decay by resisting the formation of mud, the oily and impervious ground holding the water in the ruts until it dries out and preserving the earth beneath from becoming saturated with it."

Truly, all that beauty, all that wealth or influence or popularity or glory e'er gave, alike await the inevitable—oblivion. A few months back the victory-crowned Olympia was the queen of the ocean, the most admired ship that rode the foam-crested waves. On her deck, en route home to receive the applause of enthusiastic millions, strode the man who had added terror to the name of the United States navy. The curtain falls. A few weeks elapse. The Olympia lies at the Charlestown navy yard, without commander or crew, untenanted, alone, and out of commission. Her master lolls quietly in his Washingtonhome, with slippered feet and surrounded with tame domestic felicity. Themultitude has tired of his hosannas and seeks elsewhere for a fresh hero. While the Olympia and Dewey are destined to live long in history, the substantial man and ship, over whom the rabble has howled as if the pair were demi-gods, must tread the beaten path we are all travelling.

The election of Tuesday in Kentucky seems—instead of placing a crowd of good men in office—to have been a spoon by which the pool of black jealousy and hatred, corruption, and all sorts of wild elements of discord was stirred and which is now boiling and fermenting with fury. The reports of the battles on election day in the Blue Grass State—thanks to the absence of a press censorship—were vastly more lively than those coming from the Philippines. Both of the parties are up in arms, both claim the victory, everybody else says it will take the official count to determine the result, and pandemonium seems to be master of the situation.

The people of the Union are anxiously waiting for the long columns to be added, and to be able to form some sort of idea how Kentucky is going to fight in the great conflict of next year.

The Norfolk Landmark says:

Considerable murmuring is heard in North Carolina at the recent decision of Judge Simonton, of the federal court, who refuses to allow the corporation commission of the state to put its own valuation upon railroad property for tax-assessment. The decision is to the effect that the law under which the commission attempts to do this grants no such power. It occurs to the Charlotte Observer that the judge may be right and that the legislature may have failed to make its meaning clear. We should not be at all surprised if that is so, but a great many of the street-corner and cross-roads lawyers must have it that Judge Simonton is the "creature of the corporations," the "hired tool of the Rothschilds," etc.

The Philadelphia Record says that in the rural districts of the Empire State the democratic repugnance to Croker caused the loss of more than one seat in the legislature, while in the city of New York the repugnance of the people to Croker was not great enough to cause them to accept Platt as Croker's alternative.

Laying aside all political principles, the people who could distinguish between the knavery of one of these two bosses and the scoundrelism of the other sufficiently to choose the lesser rascal as a leader at the polls, would indeed be a wise people.

Prof. P. P. Claxton, of the State Normal and Industrial College of this city, and the learned editor of the North Carolina Journal of Education, has been over to Reidsville and complimented the excellent manner in which the graded school of our sister town is conducted, which evokes some complimentary notice in the Review, which, among other things, says:

"There is no abler or sounder critic of educational methods and values than Prof. Claxton."

The Review's head is level on its estimate of our citizen.

GUILFORD VS. A. & M.

Football at Raleigh Yesterday—The Quakers Put Up a Fine Game.

Correspondence Telegram

Raleigh, N. C, Nov. 10, 1899—There was a great game of football here today between the Guilford College and A. & M. teams. A walk-over was expected by the Raleigh boys, but after the first rush it was evident that they had met a foe worthy of their best efforts. The game started with A. & M. kicking off to Guilford. During the first half the ball was kept in the A. & M.'s territory. The hitherto impregnable line of the Raleigh boys was time and again smashed by the Quakers' "guards back" formation, line plunges being the best ground gainer for both teams. The Quakers in this half had the ball on the A. & M.'s 4-yard line only to lose it on downs. The half ended with the ball in Guilford's possession on the A. & M.'s 25-yard line.

Thesecond half was similar to the first in that line plays were the most used. Guilford's left end, Wilson, played a great game. Only once was any gain made around his end, he generally throwing the runner for a loss. Reynolds, Guilford's left halfback, and Dalton full-back, were the principal ground-gainers for the Quakers, being ably assisted in this by the two guards.

For A. & M. their two half-backs distinguished themselves by their line-plunging.

Guilford plays the Bingham school at Mebane tomorrow.

[Two of Guilford's best players, Reynolds and Mendenhall, are Greensboro boys.—Ed Telegram].

PLAYED TO A STANDSTILL.

Raleigh, Nov. 10—The Guilford College team played the Agricultural and Mechanical team to a standstill here this afternoon, neither side scoring. The "guards back" formations of the Quakers was too much for the Agricultural and Mechanical line, and gains were made repeatedly through it. The Agricultural and Mechanical back field was very strong and smashed the Guilford line for short but sure gains. Guilford's left end was invincible.

Current Topics Club—Mr. Stewart Mims Gets Position in Tennessee.

Correspondence Telegram.

Trinity Park, Trinity College,
Durham, N. C., Nov. 10, 1899.

Saturday evening the Current Topics club held its regular meeting. Some advantages of reading papers and magazines was discussed by Dr. Few. Prof. Gill spoke of the "Great Scholars Now Living," and Prof. Flowers spoke on "Cecil Rhodes." The Current Topics club has afforded the opportunity for discussing questions of public interest. It is always well attended and is an important factor in college life.

Prof. P. T. Durham has returned from Milton where he went to fill an engagement. He leaves Saturday for Raleigh; where he is to deliver an address in Central church Sunday.

Mr. Stewart Mims, brother of Prof. Edwin Mims, has recently been elected to the faculty of Bell Buckle Training School in Tennessee, and left this morning to assume his new duties. Mr. Mims is a member of the junior class, and has the best wishes of all his associates.

Mr. S. W. Anderson, of Wilson, a member of the junior class, has returned to college and resumed his work.

The county commissioners have taken steps to extend Main street to the west. The authorities of the college have given permission for the road to run through the front part of the campus This road is to be wide and macadamized out through west Durham, and will provide a boulevard which will be a popular driveway. This extension will add much to the beauty of the park.

HARRIS LITHIA WATER

Is the Strongest Natural Lithia Spring Water On The Market

And has the endorsement of the most noted physicians from all parts of the country as to its superiority over all other waters. Read what some of them have to say for Harris Lithia Water.

Asheville, N. C.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty diseases afford me more comfort than either the Buffalo or Londonderry waters.

Very truly yours,
John Hey Williams, M. D.

After a long and varied experience in the use of mineral waters from various sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and the Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A. N. Talley, M. D.
Columbia, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs,

Dear Sir: While it is contrary to my custom to give testimonials to remedial agencies, I feel free to attest to the efficacy of the Harris Lithia water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine.

Yours respectfully,
Geo. Howe, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge, or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powertully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of stomach and gastralgia, supplemented with a proper diet, they are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

J. Q. Wilbur, M. D.
Walterborboro, S. C.

Read what the noted Dr. Thomas S. Powel has to say for Harris Lithia Water:

Mr. J. T. Harris:

Dear sir—I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully pours,
Thomas S. Pewell, M. D.
Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Joseph Jones, of Tulane University of New Orleans, has to say in regard to the virtues of Harris Lithia Water.

New Orleans, La.

Gentlemen:—I have used with great benefit, the Harris Lithia water, and regard it with favor, the water being highly charged with lithia.

Respectfully,
Jos. Jones, M. D.

Newberry, S. C.

I have prescribed Harris Lithia water in my practice, and am delighted with it in those cases in which it is indicated. In all those conditions in which there is uric acid in the system, in gouty and rheumatic diathesis, in cystitis and endocervicitis, causing painful micturition, in renal dropsy and dyspepsia, due to torpid liver or constipation, I have found the best results from this mineral water. Indeed, it may be used to advantage in any case in which its formula may suggest itself, especially when lithia is indicated. I recommend it to the public and believe there is no superior lithia water in this country.

Camden, S. C.

Mr. J. T. Harris:

Dear Sir—I enclose you in this letter several pieces of calculi passed by a patient of mine who has been taking the Harris Springs water for the past eighteen months. This gentleman has been a sufferer for two or three years with cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring water a most exceilent remedy in the uraic acid diathesis, also in chronic dyspeptic troubles.

I am, yours respectfully,
A. W. Burnet, M. D.

Chester, S. C.

Dear Sir—For the past 8 months I have been using Harris Lithia water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia.

S. M. Cavege, M. D.

Baltimore, Md.

J. T. Harris, Esq., Harris Spring, S. C.:

Dear Sir—I have been using Harris Lithia water for some time, and I will say to you that it is my opinion that the Harris Lithia water is by far the best lithia water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R. C. Hoffman,
Pres. S. A. L. R. R.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave it any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. LANDING AT SAN FABIAN.

Troops Rush to Shore Under a Heavy Bombardment.

Manila, Nov. 10 - The landing of the American troops at San Fabian Tuesday was the most spectacular affair of the kind since General Shafter's disembarkation at Daiquiri. The co-operation of the troops and the navy was complete The gunboats maintained a terrific bombardment for an hour, while the troops pushed waist deep through the surf, under a heavy, but badly aimed fire from the insurgent trenches, and charged right and left, pouring volley after volley at the fleeing rebels. Forty Filipinos were captured, mostly non-commissioned officers. Several insurgent dead and five wounded were found in a building which had suffered considerably from the bombardment. The town was well fortified. The sand dunes were riveted with bamboo 20 feet thick which afforded a fine cover.

When the transports arrived in the gulf they found the gunboats Princeton, Bennington and others waiting. After consultation with General Wheaton Commander Knox, of the Princeton, and Commander Sheridan, of the Bennington, anchored two miles off shore. The gunboats formed a line inside; the Helena, Callao and Manila close in shore. With the first gun of the bombardment, the small boats were filled rapidly, without confusion, by Major Cronite's battalion of the Twenty-third Infantry and Captain Bucks battallion of the Thirteenth Infantry. While the lines of boats moved shoreward, the gunboats poured the full force of their batteries into the trenches, soon forcing the insurgents to flee through the burrows dug back of the trenches. About 200 men held their places until the keels of the boats grated on the shore when their Mauser bullets commenced to sing overhead.

The battalion formed in good order. Captain Buch with Pierce's and Patton's companies pursued the insurgents on the left in the bamboo thickets. On the right was a frail footbridge across the river, leading to the towns. General Wheaton, personally commanding, ordered a charge across the bridge and Captain Howland, of his staff, led Coleman's and Elliott's companies of the Thirteenth and Shields' company of the Twenty-third, who behaved splendidly under their first fire, into the town, which was found to be nearly deserted except by the aged and some Spaniards, who had hidden in the buffalo wallows, and who came shouting delightedly toward the Americans.

Two companies of the Thirty-third had a skirmish along the Dagupan road with the retreating Filipinos.

The Poet Burns,

Not the least of the advantages attending life assurance is the serenity of mind which attends the provident man lying on a bed of sickness, or when he is in prospect of death—so unlike that painful anxiety for the future welfare of the family not provided for. The poet Burns, in writing to a friend a few days before his death, said that he was "still the victim of affliction. Alas! Clark, I begin to fear the worst. Burns' poor widow and a half a dozen of his dear little ones, helpless orphans; there, I am weak as a woman's tear. Enough of this, 'tis half of my disease!"

A CONTEST WILL FOLLOW.

The Official Count Has Begun in Kentucky.

Louisville, Nov. 10—Uncertainty regarding the result of Tuesday's election in this state is not likely to be removed for some time. Both sides still claim victory, the state chairman of each party asserting tha his ticket has a plurality of about 4,000. Newspaper returns from republican sources give Taylor a plurality of 3,438, while those from democratic sources make Goebel's plurality 941. These latter cover all but 35 precincts in the state, although several reports from counties give estimated pluralities instead of actual. Of the missing precincts five are in Louisville, which went republican this year; twenty are in strong republican counties and ten are in strong democratic counties. Feeling among the factions has been aggravated rather than allayed by the developments since Tuesday. Excited meetings are being held in different parts of the state to protest against frauds which it is alleged are contemplated by the leaders. Nothing short of the official count will determine the result, and it is a foregone conclusion that the announcement of that count will simply change the scene of conflict to the courts or the legislature, where it will appear in the form of a contest.

The situation has not changed materially up to 1 p. m. The official count was begun today in all parts of the state by the county boards of canvassers In this city a large crowd gathered at the court house, but there was no disturbance.

WINE OF CARDUI

Woman's Crowning Virtue.

BELTON, Mo., July 27.

For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

McELREE'S **Wine of Cardui**

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

DR. CONWELL

Will Lecture at the Normal College Next Monday Night.

Concerning Dr. Conwell, two of the leading papers of the United States have the following to say:

"Long associated with Wendell Phillips, John B. Gough and Henry Ward Beecher on the lecture platform of New England, he has been left without a peer as an entertaining instructor. Americans are justly proud of him as an orator and Christian gentleman."—Louisville Courier-Journal.

"Unexcelled by any orator in America, and perhaps the equal of any in the world in those marvelous descriptive powers."—New York Evening Post.

Dr. Crowell lectures at the Normal College on Monday night. Admission 50 cents.

Please allow me space to thank the whole fire department for their promptness in coming to our relief yesterday evening.

"The men behind the guns" are surely glorious fellows when they fight for flag and country, but the fire laddies of Greensboro when their alarm sounds are not a whit less gallant and far more disinterested.

My wife says when she saw them come dashing up in the twilight—men, horses and apparatus—all in a solid mass, she felt like hugging all—men, machines, and horses too.

Yours truly,
George H. Gregory.

Piety Hill, Nov. 11, '99.

Small Fire.

The fire alarm was turned in at 5:50 yesterday evening from box No. 14, corner of West Market and Cedar streets. The fire department responded and the fire was found to be at the residence of G H Gregory, on college hill. A defective flue burned out, but no damage was done, although some water was thrown on the house.

It required only four minutes from the time the alarm was turned in for the firemen to reach Mr. Gregory's.

Suit Against the Southern.

Dr. Chas. Scott, of this city, has brought suit against the Southern railway for the payment of $114 as fees for medical attention to a man named Dave Mebane, who was injured at Mebane several months ago. Col. Staples has been employed as counsel for Dr Scott, and the case will be heard by 'Squire Eckel in this city on November 23nd.

About 40 are building a bridge across North Baffalo at the old Wharton mill place, and the others are building a bridge across Deep river at the Chipman mill and also working the roads near there.

The 'terrible" William goat has been heard from again. Well, he was declared no account and some one chased him off the premises.

The Herald Square Opera Company closed their engagement in this city last night with the presentation of that beautiful opera, "Said Pasha," which they played in a very creditable manner. The solos were especially fine and the chorus work is good. Guilford's School Fund.

Prof. J. R. Wharton, county superintendent of education, told a Telegram man this morning that the appropriation for the schools in this county will probably be much larger this year than ever before, owing to the fact that Guilford county's share of the $100,000 appropriated by the last legislature will be something like $2,000, which, together with the school taxes raised by the county, should approximate $20,000. The school census has not yet been completed, but Prof. Wharton thinks there are at least 12,000 children in the county.

The street committee, which had under consideration the proposition of apt. B. J Fisher to donate land for Battle avenue from the intersection of Greene and Schenck streets, reported adversely on the proposition. The report was adopted.

The fire committee having under consideration the ordinance presented by Alderman Walker in regard to the prevention of fires, inspection of buildings, etc., asked for more time to consider.

A resolution was passed by the board authorizing the issuance of $ 5,000 in bonds for the purpose of the erection a city hall and market.
